

ROTARY CLUB OF DAVIS 2009 HOLIDAY GIFT DRIVE

Support EMQ FamiliesFirst and help bring holiday magic to children in need in our community!

A tradition of excellence since 1867, EMQ FamiliesFirst has been dedicated to helping children and families in crisis. The agency's mission is to do whatever it takes to help children, strengthen families, build communities, and advocate for change.

Your contribution to our holiday gift drive will support the boys in our Residential Treatment Program and will truly make their holiday a little brighter!

Residential Treatment Program

Provides 24-hour psychiatric treatment to severely emotionally disturbed boys, ages 6-17, who would otherwise generally require psychiatric hospitalization. The Davis Campus is a 6-acre facility which currently houses 63 youth. Typically, these children have histories of psychiatric hospitalization and established histories of an inability to succeed under family-based care or in lower-level group homes.

The purpose of the Residential Program is to provide specialized treatment in a safe and nurturing environment to youth, many of whom have experienced severe physical, sexual, or emotional abuse and neglect or abandonment. The goal for every residential child is to graduate to a less restrictive setting, such as returning to their family, transitioning to a foster home, or graduating to a lower level of residential care.
